cat-walk Whoo! She's on the cat-walk Whoo! Just like on the tel-ly—

A bit of fun for younger children - everyone chooses something they're wearing to feature in the song. I usually get the children to stand in two rows facing each other to form the catwalk while the child whose turn it is walks down with attitude! Props, scarves, hats and jewellery can be used rather than spotlighting the children's own garments if this is sensitive or just to add a new twist.
